# NUMBING INSTRUCTIONS FOR FACIAL FILLER

The highlighted areas show where fillers are used most. Use the "key" below to understand their purpose. Apply to your areas of concern.

## FILLER TREATMENT AREAS (KEY):

	Fuller cheeks and / or dark bags under eyes.
	Marionette (smile) lines, wrinkles around the mouth.
	Lip lines, or fuller lips.
	Jawline contouring.
	Temple volume.

**Notes:** Apply prescribed numbing medicine 60 minutes prior to your appointment. You may re-apply 30 minutes before.

If you did not have a prescription called in to your pharmacy, please call and let us know so we can make sure you get it before your visit.
